Soungcho Chun - Church Plant

Get Connected

Soungcho Chun is a church planter God has brought to Cottonwood Creek to reach the growing Korean population in our community. His family is dedicated to the vision and calling God has placed upon their lives to pastor a church specifically to connect different generations of Koreans to Jesus.

Soungcho has been serving at Cottonwood Creek as a Missions Intern as he has learned the "American Culture" and how to incorporate the Gospel to individuals with a Korean background. Through the support of the Southern Baptist of Texas and the Collin Baptist Association, Cottonwood Creek Korean Church will launch in August of 2019!

Pray for:

- Soungcho and Grace Chun as they grow in their relationship with the Lord
- Church launch in August
- Core families currently in church to reach others for Jesus
- Opportunities for support as CCKC begins to reach other Korean Families in our area.
